## MAGILIM CAPSULE + COLON CLEANSER TEA

And i called it the ULTIMATE FAT BURNER,i lost weight in 14 days of complete usage of the two product

### HERE IS THE TWO PRODUCTS

Magilin Herbal Capsule

Magilim weightloss product contains Konjac glucomannan (KGM), a water-soluble dietary fiber derived from the root of the Konjac plant, which is a traditional Chinese food

If you are wondering on how to achieve weight loss or want to control your weight and keep slim, I will recommend Magilim product, which is registered with NAFDAC REG No. A7-0465L.

it's proven to be very effective in weight control, toxin expelling and blood sugar balance.

with a history spanning over two thousand years.

If you are searching for how to lose weight fast, I will recommend Magilim product because of its effectiveness and naturalness.

**You will achieve the following by using Magilim product to loose weight fast:**

Magilim has low calorie, an excellent source of dietary fiber, assists in weight loss and to keep slim. When ingested, it turns into a gel-like substance able to swell up to fifty times its weight, causing a feeling of fullness, which prevents over eating. Slow digestion and absorption of nutrients. At first, after ingestion, it binds to fat in the intestines, preventing some fat absorption and dissolves fluids in the large intestine and forms a gel that binds with bile acids in the intestines.

The outstanding point of Magilim weight loose product is that, it can delay stomach emptying and trigger satiety (a feeling of fullness) that can be helpful in trying to accomplish weight loss goals.

**COLON CLEANSER TEA**

**Treatment - Clears Toxin, Accelerate Excretion , Improves Stomach and Intestine Peristalsis, Boost Appetite**

## Premier tea for purifying the colon

### Colon Tea

- Cleanses the Colon
- Detoxifies the body
- Cleanses Gastrointestinal Tract(GIT)
- Accelerate excretion, Boosts appetite and Improves stomach peristalsis

### Toxin Expelling

Acting as a cleanser, Konjac absorbs and then expels toxins from the intestines quickly. This process safeguards against gastrointestinal diseases and disorders. Soaks up excess bile acid in the intestinal tract.

### Blood Sugar Balance

It also monitors sugars consumed in the diet by releasing them into the blood gradually. This protects the pancreas from over-exertion, by normalizing blood sugar levels, which is not only helpful for diabetics, but may also help prevent the development of diabetes and hypoglycemia.

My husband once called me a shapeless entity, annoying and unattractive woman :

Obtain the largest denomination naira/cedies or dollar bill you can afford. Take an envelope, fold the bill once and seal it inside the envelope in the same room with you at all time for the next seven days.

At the convenient times, as often as you wish, place the envelope against your forehead and say: (or think):

“Occult powers to me shall bring

“The way to double this sum

“Quickly and softly come.

As you move the envelope away from your forehead, pretend that it is heavier and bulkier than before. Think about what you need extra cash for, and exactly how much you want. Then dismiss the spell from your mind until you are ready to repeat it.

Be totally alert during your day -to -day life for every opportunity offered to you which will enhance your worth.

At the end of seven days, unseal the envelope and either spend the money on essentials or put it back in the bank. If you need to repeat the Spell, use different bill.

#### INTRODUCING TO YOU ORIGINAL SEED OF LIFE(MUSTARD SEED)

The most powerful seed in plant medicine which is able to heal several diseases physical and spiritual,i made several research after several calls from people for alternative cure or natural value of mustard seed, and that is why i purchase this direct from ISRAEL and ready to give you to cure any diseases you may be facing ,either physically or spiritual.Click [here](#) to read more about the nutritional and medical value of MUSTARD SEED

Mustard seed cures diseases like diabetes,high blood pressure,astma,migrain,menstral pain,cough etc

## Rich in cancer-fighting compounds

Mustard seeds are surprisingly rich in phytonutrients called *isothiocyanates*, which have been extensively studied for their anti-cancer benefits. For example, a study published in the *International Journal for Vitamin and Nutrition Research* in 2002 found that isothiocyanates can inhibit mitosis and stimulate apoptosis (cell death) in human tumor cells. (1) Another study published in *Carcinogenesis* in 2010 discovered that

mustard seed powder, which is rich in a particularly beneficial group of isothiocyanates called *allyl isothiocyanates* (AITC), can significantly inhibit the growth of bladder cancer. (2)

These impressive results suggest that adding more mustard seeds to our diets can prevent, and possibly even treat, the development of cancer.

## CINNAMON SEED(POWDERED FORM)

Cinnamon is a spice that comes from the branches of wild trees that belong to the genus "*Cinnamomum*" - native to the Caribbean, South America, and Southeast Asia.

**There are two main types of cinnamon:**

- **Ceylon cinnamon** (*Cinnamomum verum*), often considered to be "true cinnamon"
- **Cassia cinnamon or Chinese cinnamon** (*Cinnamomum aromaticum*), which originates from southern China, is typically less expensive than Ceylon

cinnamon.

Due to the fact that Ceylon cinnamon is very expensive, most foods in the USA and Western Europe, including sticky buns, breads and other products use the cheaper

Cassia cinnamon (dried Cassia bark). These days cinnamon is regarded as the second most popular spice, next to black pepper, in the United States and Europe.

Cinnamon has been consumed since 2000 BC in Ancient Egypt, where it was very highly prized (almost considered to be a panacea). In medieval times doctors used cinnamon to treat conditions such as coughing, arthritis and sore throats.

Modern research indicates that cinnamon may have some beneficial health properties. Having said that, it is important to recognize that more research and evidence is needed before we can say conclusively that cinnamon has these health benefits.
